

Tsurugimine Kiri VA: Haruna Ren

"No! I'll give this decision the utmost scrutiny!
I'll calculate exactly which Tsukuyo-chan will be cuter!
First I'll need to give cuteness points to each individual item.
Hm? Or would coefficients be better? I'll need to
consider the locations of each equip as a factor, too..."

With her third year at Shirojo just begun, Kiri's still
(secretly!) dating Tsukuyo, and the two of them have
added several members to their humble math club.

Since Tsukuyo's been busy with the start of the new school
year, Kiri's in charge of planning their dates. But when she
talks to Youka, she starts thinking maybe they need to
shake things up a little more.

Ariu Aki VA: Togashi Kei

"Now let's go.

We might stumble if we have our arms linked.

Can we hold hands instead?"

After more than a few trips to instrument stores and music clubs, Youka worries her dates with Aki are getting monotonous.

When Kiri plans a date for them,

will Aki appreciate the change of pace?

What sort of "spice" will this date bring to their relationship?

Sonou Tsukuyo VA: Kusayanagi Junko

"Yah! Magical Girl Magical Tsukuyo will cast a spell on you!
Let your worries go and enjoy yourself, Kiri!"

After a busy start to a new school year,
Tsukuyo is ready to take a break from work and go on
a date with Kiri (especially if she gets to drive them there).

With all the rock Youka put into planning their date,
are the two of them going to reach new heights of cuteness?!

Haha XD "But it's not rock to smash everything, y'know? That's punk.". I litterally cannot get enough Aki\Youka. They're too \u2665\u2665\u2665\u2665ing cute!. Never thought I'd learn so much about wasabi.. Youka and Kiri plan dates for each other after reading random teen mag romance advice. Wasabi economics. "I'm ready my sweetheart." Tsukuyo is a(n old) wizard. Kiri is nyan. Bewildered Yuna makes a cameo. Everybody wins.

Worth every penny but the first CD with Ano is even better.. Another fun chapter in the Kindred Spirits on the Roof story feature 2 of my favorite characters Youka and Aki. Not much to add if you're here then you've listened to the first part and more then likely played through the game, more yuri dating antics.

I did experience some audio issues at certian points like in chapter 1 after the introduction, during Kiri and Tsukuyo's car ride and some of the other chapters, but nothing really major, just some distortion.

EDIT: Audio issue was resolved, it was a bug with a headset I had just refurbished and caused audio distortions with anything with low tones, I usually use studio headsets so this usually isn't an issue. Changed some settings for the audio mixing in my headset, namely unnecessary sub feed and all was well (I hate 5.1 and 7.1 headsets, usually use them in stereo mode, but this one still kept the sub feed).. I am now a wasabi expert 10V10

Hearing Aki say "Okay, I'm ready, my sweetheart" was the best part.
